## EXPERIENCE

### Backend SWE Intern

#### Zuora

📅 January 2022 - April 2022

- Built Spring API from the ground-up with 7 endpoints that created, deployed, and modified Kafka-Connect and Debezium connectors
- Pipelined data from MySQL & Oracle databases to Kafka to be used by other numerous company-wide services
- Launched API from development to sandbox and finally to production

Stack: Java Spring Kafka Debezium MySQL

### Backend SWE Intern

#### Alamere Software

📅 May 2020 - Sept 2020

- Engineered data compression API to increase data storage efficiency of customer location data by 30%
- Designed web service to expose compressor API's endpoints
- Leveraged "RoaringBitmap", "GZip", and "LocationTech Spatial4j" compression libraries

Stack: Java Spring Boot Springfox SQL

### Fullstack SWE Intern

#### Checkbook

📅 March 2021 - August 2021

- Implemented and tested multiple functionalities end-to-end across 4+ repositories, including automating approvals for credit limit increase requests of \$5000+
- Rebuilt structure of entire React-based website to support internationalization, resulting in reduced code duplication by 60%
- 7+ frameworks/languages used across internship

Stack: Python Flask Angular React SQLAlchemy

## PROJECTS

### Streaming Service Search

#### Show/Movie Streaming Platform Launcher

📅 Sept 2020

🔗 [git.io/stream-search](https://git.io/stream-search)

- Automatically opens user-specified show/movie on any available streaming platform in browser
- Ranks user's streaming services from highest to lowest priority
- Operates on Mac, Windows, and Linux
- Supports over 15 streaming services, including Netflix, Hulu, Prime Video, Disney+, and more!

Stack: Python Selenium Webdriver

## SUMMARY

- Computer Science at UC Berkeley
- Highly proficient in Python & Java
- Concentrated experience in backend development
- Three internships, 5+ projects

## LANGUAGES

Java Python Javascript C SQL  
NoSQL HTML CSS

## FRAMEWORKS/TOOLS

Backend: Flask Spring Boot Springfox  
SQLAlchemy PostgreSQL MongoDB

Frontend: React Angular Gastby

Tools: Linux Git GitHub Docker  
Apache Maven RESTful API

## EDUCATION

### University of California, Berkeley

#### Computer Science

🎓 August 2019 - May 2022

- Graduated one full year early
- Relevant coursework

Operating Systems Data Structures  
Algorithms Computer Security  
Intro to Artificial Intelligence

## HOBBIES

Fantasy Novels Tennis Board Games  
Backpacking Coding Video Games  
Music
